(304) 535-2206

VACANCY ANNOUNCEMENT

Open Until Filled

Department: Harpers Ferry Water Works

Position Title: Water Works Certified Field Technician

Salary Range: \$20.85 - \$27.20

- Benefits:
- Employer paid health insurance
 - Retirement/pension
 - Additional insurance coverage options
 - Paid holidays, vacation, and sick leave

General Position

Description: Performs skilled and semi-skilled technical work to support the daily operations of the Water Works water distribution system. This includes the construction, maintenance, and repair of system components (water mains, service lines, valves, meters, hydrants, backflow preventers, fittings) to ensure maximum efficiency and effectiveness of potable water across the Harpers Ferry Water Works (HFWW) service area. Performs related work as required and assigned. Reports to the Public Works Administrator.

- Qualifications:
- High school diploma or GED equivalent with a minimum of two (2) years of experience in public water systems maintenance and repair.
 - Valid driver's license.
 - West Virginia Bureau for Public Health Water Distribution System Operator or Public Water System Operator (Class I or above) certification in good standing.
 - Experience in the construction, maintenance, plumbing, and pipe fitting trades is highly desirable.
 - Must be able to pass a background check.
