Dear Ms Kelly:

Could you please send the total amount spent by the Corporation of Harpers Ferry related to the appeal of our last council election court ruling? Kindly include all fees paid to lawyers and consultants. Kindly include material costs, travel expenses and costs related to office staff working on this matter.

Also, could you let me know total amount of expenses to lawyers and consultants related to legal action chosen by council last night due to SB 657. I would appreciate updates on any public funds spent related to the action against the State of West Virginia chosen by Town Council on February 20, 2020.

Information will be provided to the local press in addition to the Washington Post so that our citizens can be informed.

Thanks so much.
